## G. F. Hopkins Department Store

We have something new for you. The first of September this store will have ready to mail its first issue of a store magazine, this magazine is gotten up like all other magazines, it has jokes and funny stories, receipts for well liked dishes, a few cuts of the latest styled dresses, scarfs, coats, hats, etc. Last, but not least, we show cuts and quote prices on dozens of articles that cannot be duplicated any where except at a much higher price. If you do not receive a copy of this little magazine by the 10th of September please drop us a line and we will gladly mail you one, if you like it please say so and we will mail you one regularly each month free.

HATS, COATS, SUITS, DRESSES, SWEATERS, ETC.

Our fall hats are here and will be on display Thursday, August 26.

Mrs. Aly, who has had 20 years experience with hats, will have charge of this department.

The coats, sweaters, scarfs, etc., were bought after we had attended the Fashion Pageant in St. Louis last week, so you can depend on getting the "Latest Styles at this store. The prices are far lower than last year. The only people we failed to sell coats and hats to last year were those who would not get our prices before they sent out their order to the Big City store. The girls who bought here were much better satisfied than the ones who "ordered". Come on girls and quit kidding yourselves be serious for we've got it on "Old Miss National" when it comes to price, quality and snappy appearance. We have all kinds, short and long coats for stout and skinny women. They come in velvet, silk plush with fur trimmings, suedetex, heather tweed, tinselvour, tricelines, nuphur beaver and silver tones galore. I know you will be tickled through and through when you see our fall lines and get our prices.

### FLOOR COVERINGS

Four yard wide lenolium at \$1.35 per square yd. this is the first time in 3 years we have had a chance to get this width and

only found one piece

9 X 12 fibre rugs going at \$12.50  
9 X 12 Print Brussels going at \$22  
Two yard wide congoileum \$1.35 per running yard.  
9 X 12 congoileum \$16.00.

A full line of trunks and suit cases.  
All our silks have been reduced.

Men's blue overalls \$1.38 up.

### GROCERIES

Sugar down to 20c (will be cheaper next week)

Fancy Rio Coffee 20c  
Fancy Santos Peaberry 35c  
Whole head rice 15c  
Broken head rice 10c  
Lard (Leaf Fat) 50lbs \$11.50

### NEW COMPANY TO WORK 1000 ACRES OF TUNGSTEN

Bonne Terre men last week perfected the organization of a corporation to be known as the Tungsten Mining company. Attorneys have all the necessary papers in readiness and it is expected that application for incorporation papers will be made a Jefferson City this week.

The purpose of the company is to develop some tungsten ore bearing land recently acquired in this county. J. C. Long of Bonne Terre has handled the company's interests in this county, the coal estate deals being made by T. B. Sharp. Altogether 1000 acres of land have been purchased or optioned in the southern vicinity of the Silver Mines. Cahoon and Newberry sold the first 40 acres to Mr. Long for \$4000. Since then H. D. Christoph has optioned them about 200 acres and they have bought the holdings of the Breman Savings Bank of St. Louis amounting to about 700 acres.

Mr. Long says he has sufficiently prospected the land to know that there are large bodies of tungsten ore on it. It is the purpose of the new company to thoroughly develop the property.

Those associated with Mr. Long are W. W. Reynolds, Albert Williams, Frank Merrett and Bud Evans, all Bonne Terre men.—Fredericktown Democrat-News.

### GREAT FIND OF COPPER VERY NEAR HERE

A great find of copper has been made in southeast Missouri in the past few weeks, according to unverified reports. The discovery of the real body of ore is being carefully garded as a secret by

those who are most interested in the project, however many rumors locate it in Wayne county.

"It has been known for some time that copper abounds richly in Wayne county and southeast Missouri, but just now the location of the great bed has been established" said a prominent mining man this week.

Very soon the copper development is going forward in a big way. Some are of the opinion that the copper resources of southeast Missouri are really worth more money than the iron deposits. Wayne County Journal.

### BRIEF OF SENATOR SPENCER'S RECORD

In 1919 when a candidate for senator, pledged himself to St. Louis republicans to vote wet on all prohibition legislation.

December 23, 1919, when senator dodged a bill to make Washington dry.

In the summer and fall of 1919 made speeches and gave out interviews denouncing war-time prohibition as an outrage upon liquor interests.

No record as to how he voted on Volstead bill providing for war-time and constitutional prohibition enforcement.

October 19, 1919, voted to override veto of prohibition bill, being only dry vote he ever cast.

November 11, 1919, said in letter to law partner: "I have been constantly at work in attempting to secure the termination of war-time prohibition, and I really believe that I have done as much in that line, although it has largely been done in private conference as any man in congress."

November 22, 1919, said in interview to placate wets: "As to the vote to override the President veto on the prohibition enforcement law, none of us in Washington considered that it meant anything."

Praised as a friend of saloon men by president of Retail Liquor Dealers' Association of St. Louis.

In October, 1919, was denounced by Anti-Saloon League head as being wet and that he would never again be aided by the dyes.

In July, 1920, endorsed by Democratic Superintendent of Anti-Saloon league for renomination by republicans to aid in election to the senate of Charles M. Hoy, democrat and counselor for dyes.

Ardent advocate, in early 1920, of Wilson-Smuts League of Nations.

In campaign of 1918 refused to mention name of republican party, and protested against its appearing on his literature.

Made speeches, 1918, "Thanking God for Wilson" and wanted in telegram, to pledge his support to Wilson.

Recently involved in the Goldstein-Babler scandal in connection with expenditure of the Loosen campaign fund in Missouri—Springfield, Missouri, Republican.

### ED. JORDAN CHARGED WITH ANOTHER EFFORT TO KILL JOHNSON

Ed. Jordan of the vicinity of Hahn was arraigned before Squire Murray here last Saturday charged with making another attempt to take the life of J. W. Johnson, his neighbor. He shot Johnson some time ago inflicting a terrible wound in the left arm, and from the information we have been able to obtain, a short time after he returned from the hospital he was out in his field when a gun fired near him and the load cut away his shirt collar.

Johnson claims Jordan did the shooting and had him arraigned, as stated above, and given a preliminary hearing which resulted in his being bound over to the September term of Circuit court.

According to the last week's issue of the Fredericktown Democrat-News, the disappearance of Frank Pogue, manager of the

store at Roselle, caused considerable excitement in the western part of Madison county the week before and fears were entertained that he might have been killed or otherwise dealt with in a foul manner, as he had been robbed on the way to Ironton one time before. He had left in his car presumably on a fishing trip to Iron county. But the later discovery that a young lady disappeared from her home between Ironton and Roselle about the same time that Pogue left, seems to have cleared up the mystery in his case. He is said to have borne a splendid reputation up to this time and it is to be hoped he may turn up all right and be able to prove his innocence of any wrong doing. He has a wife and three children.

The Begley rice farm near Dudley, was sold August 18, and C. H. Mason of St. Louis was the purchaser. The farm, the first of its kind in Missouri, was sold under the bankruptcy proceedings, by D. H. Doane, trustee of the estate and Referee O. A. Knechans. The purchaser, it is said, will take charge of the plantation at once and continue to grow rice on it. It is highly improved in the way of buildings and has a fine crop of rice on it.

"One of the interesting displays at the fair grounds, says the Democrat (Ind.) Herald, is that of the southeast Missouri Agricultural Bureau which occupies a prominent place under the grand stand near the secretary's office. The headquarters of the bureau are at Sikeston, Mo., and the organization covers eight counties of southeastern Missouri. The exhibit consists of three cuttings of this year's crop of alfalfa, and rice and clover, etc., and shows the fertility of that country. The southeast Missouri Agricultural bureau is a bureau for the farmers and landowners of the southeastern part of the state, who have drained the lowlands of that part of the state which are now very rapidly being developed into excellent farms. This exhibit was brought to the northern Indiana fair because of the prominence of this fair. This display is never shown at any except state fairs. A number of prominent men from that section are in attendance, including a few farmers who formerly lived in this county. Articles in the exhibit are red clover, sunflowers, alfalfa, timothy, alsike, broom corn, wheat, barley, rye, oats, rice, cotton, orchard grass, millet, red top, melons, etc. t

"The exhibit was brought here by John Stinson, of Sikeston, Mo., secretary of the southeast Missouri agricultural bureau. The display is an exceptionally good one, and shows the progressiveness of the farmers of that section f the sunflower state."

### WILL MAYFIELD COLLEGE

Opens next Monday, August 30, with a faculty of ten teachers.

Our teacher of Theology, T. H. Jenkins of Texas is a southeast Missourian. His scholarship is unquestionable, having attended having attended the State Normal at Cape Girardeau while young, took law in the University of Missouri, after which, having decided that the call to the ministry was from the Lord, he graduated from the Theological Seminary at Louisville with the degree Th. M.

We feel very much elated that we were able to secure this worthy gentleman for a teacher in the school for which he worked so long and ardently.

For Science and Mathematics, we have secured Loren B. Grimsley, who took his degree from the University of Missouri a short time ago. It is very fortunate that we were able to get Mr. Grimsley for a member of the faculty. He is well

## THE SOUTHEAST MISSOURI STATE TEACHERS COLLEGE

at Cape Girardeau will open its fall term Monday, August 30, 1920. Students should be registered for entrance on Friday and Saturday, August 27 and 28.

The outstanding fact in regard to this College is that in addition to the ordinary collegiate and educational courses it offers full instruction in Agriculture and Animal Husbandry; has a well equipped Department of Mechanical Arts and Trades under a competent instructor; and offers a full course in Domestic Science and Art. The College diploma has the force of a life state certificate to teach in the public schools. There is no charge for tuition. Write for blank form and report your high school record. For further information and catalog, address

W. S. DEARMONT, President,  
of Southeast Missouri State Teachers College.

## ORDER YOUR FERTILIZERS NOW! Don't Delay

On account of the Car shortage it will pay you to anticipate your Fertilizer needs early this season and avoid any dissatisfaction. Place your orders now, and we will hold for you.

Hugh Roberts,  
Manager.

known and is thorough in his work.

Our teacher in french and Latin, Prof. P. A. Lacombe, is a Frenchman, graduate from a leading college of France, taught in Paris, studied in Rome and also taught in Canada. He talks French and Latin equally well.

Prof. James F. Ellis is a teacher of History. He graduated from a teachers college, took his A. B. degree from a college in Iowa and is taking his A. M. degree from the Arkansas University. He was a superintendent of city high schools for a number of years. He and his wife who is also a teacher, will have charge of the Rosemont Hall.

Miss Evelyn Moss has been employed to teach piano. She comes highly recommended. She has had charge of the Music Department of a junior college in Georgia. We hope for this department a great future.

These are the new members of the

faculty, all others are well known to the public. We trust that the ensuing year will be the most prosperous in the history of the school. Let us get busy and make our town known as a school town.

Mrs. Grace H. Fields has been employed for a teacher of English. She is a teacher of broad experience and is thoroughly up on the subject. She comes from the high school at Caruthersville, highly recommended by her superintendent, county commissioner and the whole people of the town. I am sure that we will have cause to appreciate her services. A. F. Hendricks, Pres.

C. C. Zimmerman, who has been in school at the State University, is at home, visiting his parents, Judge and Mrs. J. M. Zimmerman, a short time before he begins teaching. He has had a number of offers, but has not yet decided where he will teach.
